District Governor's visit.
As soon as it has been
rescheduled, I will post
it so everyone will know.

October is Rotary Vocational Service Month

During October, Rotarians are encouraged to focus on this important avenue of Rotary service. Discussions on vocational service can lead to projects that not only develop the ethical Consciousness and vocational skills of Rotarians but also the talents within their communities. Vocational Service Month is an opportunity to begin year-long vocational service activities, ranging from Rotary discussions to awards to community projects.

Some activities could be –

**Present a vocational award to someone in the community who has exemplified outstanding professional achievement while maintaining very high ethical standards. Promote the presentation within the community, and consider making it an annual October event.*

**Invite experts to give a presentation on the vocational needs of the community and develop a project in response to those needs.*

Vocational Service focuses on:

**Adherence to and promotion of the highest ethical standards in all occupations, including fair treatment of employers, employees, associates, competitors, and the public.*

**The recognition of the worthiness of all useful occupations, not just those that are pursued by Rotarians.*

**The contribution of your vocational talents to solving the problems of society and meeting the needs of the community.*

Below we have the girls from the Clark County High School Interact Club, braving the cold while face painting. Cheryl is getting her face painted with a Hot Air Balloon.
